Dear Tina:

I wanted to follow-up to see you have identified any possible dates in February for a meeting. Let me know what works best for your schedule.

Kind Regards,

Kimberly Wise White, Ph.D. | American Chemistry Council
Senior Director, Chemical Products & Technology Division

Thanks Kimberly. You helped me identify the VM problem and I just heard your message. Since this is literally my first week in the new job (and I had to travel) and also the first week for our new IRIS Director, can I get with my staff on my calendar and priority commitments and get back to you? With the transition related events, next week is also somewhat of a distressed week, but I will get back to you as soon as possible over the next few days.

Tina

Dear Tina:

Happy new year. Perhaps, I had the wrong number, I left the voicemail on the following number: 202-564-0428, apologies if it didn't make it to the right voicemail box.

For the February meeting, if February 10th doesn't work would February 9th or some other date work instead. We can work to adjust the date to meet your availability.

Kind Regards,

Hi Kimberly,

I am sorry I have been out of the office on travel – where did you leave a VM, because I have not received it. I have a prior commitment to an all-day meeting on the 10th, so I am not available, but let me see if I can line up others to meet with you.

Thanks,
Tina

Dear Tina:

Congratulations on your recent appointment to NCEA Director. In follow-up to my voicemail on Monday, I would like to extend an invitation to you to meet on February 10th to discuss the formaldehyde IRIS assessment and recent science. If there is a time that is convenient, I would be happy to give you a call to discuss further.

Kind Regards,
